

Acceptable use of Zennor Cottage WiFi

It is a condition of guests' use of the Zennor Cottage WiFi that it shall not be unacceptable.

What is unacceptable use?

You must not upload, download, use, retain, distribute, create or access any electronic materials including emails, documents, images, text or software which:

Might overload, damage, affect, or have the potential to affect the performance of Zennor Cottage's WiFi system and network node in any way.

May be a breach of copyright and/or licence provisions.

Might gain access to restricted or unauthorised areas of the internet, websites or other hacking activities.

Could be threatening, slanderous, abusive, indecent, obscene, racist, illegal, offensive or bring Zennor Cottage into disrepute.

Might be considered Spam by other users of the internet. For example indiscriminate global emails.

In addition, you must not read other internet users' mail or other material without their express permission or store private material.
